

COVID 19 Compliance Protocol

Studio 135 is committed to providing a 'safety first' environment, and our utmost priority is the safety and wellbeing of renters utilizing the facility. To provide a safe environment, Studio 135 has set-up a compliance plan to be followed by Studio 135 staff, renters and their crew.

- Studio occupancy will comply with city and state regulations.
- Studio will require a COVID 19 compliance officer to be present during all pre-production and production days to ensure CDC and Studio guidelines are being enforced.
- Studio will provide a designated area for temperature check on-premises before any individual enter the Studio.
- All Production and Studio staff, crew, partners, contractors, associates, friends, and family on Pre-production and Production days must check-in at said designated area upon initial arrival each day.
- Temperature check will be administered to all individuals before entry can be granted into the premises.
- Any individual registering a temperature at or greater than 104.4°F shall not be granted entry into the premises.
- An identifier must be issued to all individuals who successfully completed the above protocol.
- Studio will provide sanitizing station at each entry point.
- A person will be stationed at each entry to ensure only individuals with the identifiers can enter.
- All individuals in and on the premises will be required to wear a mask at all times and follow the CDC recommended 6' social distancing guideline.
- During pre-light and production days, only the front main door will be used to enter and exit the studio. All other entryways are emergency exit only.
- Posted signs requiring masks are at every entrance.
- COVID-19 handwashing posters in all bathrooms.
- Highly touched surfaces will be wiped down frequently throughout the day.
